**FOR IMMEDIATE RELEASE:**

**EcoWater / Servisoft of Middlefield is honored twice at  
National Convention of EcoWater Dealers**

**Tucson, AZ** (January 28, 2006) during its annual National Dealer Convention, EcoWater Systems LLC, presented EcoWater / Servisoft of Middlefield, Inc. with two prestigious awards.

Denny Hall, president of EcoWater / Servisoft, received the award for being the **2005 Top Volume Commercial Dealer**. This represents the 19<sup>th</sup> time in the past 21 years EcoWater / Servisoft of Middlefield, Inc. has received this distinction. The Top Volume Commercial Dealer in the United States honor is based on the amount of commercial EcoWater equipment sold during the year. Restaurants, hotels, schools, hospitals and others use commercial water treatment equipment to save money on energy, plumbing repairs and general maintenance as well as providing their customers with higher quality, better tasting water.

Mr. Hall also received the award for **Highest Volume in Whole Home Applications**. This award is presented to the dealership that in residential equipment applications has the highest percentage that addresses all of the water used in the home for utility as well as consumption. This includes both a water conditioner and a reverse osmosis drinking water system. Mr. Hall acknowledged Terry Maple, general sales manager, and Water Specialists, Bill Eden and Mike Manley for their efforts in earning this honor.

EcoWater Systems, LLC is a St. Paul, Minnesota-based manufacturer of commercial and residential water treatment systems. EcoWater Systems is a member of The Marmon Group of companies, an international association of autonomous manufacturing and service companies with sales in excess of \$5.8 billion. For more information, visit [www.ecowater.com](http://www.ecowater.com).

Family owned and operated, EcoWater / Servisoft of Middlefield, Inc. is a residential and commercial water treatment specialist with over 40 years of experience improving water quality in North Eastern Ohio. For more information, visit [www.ecowaterservisoft.com](http://www.ecowaterservisoft.com).
